

## **\*Chinese Secret Society Challenges Illuminati**

By Henry Makow PhD 6-30-7

A Chinese secret society with 6 million members, including 1.8 million Asian gangsters & 100,000 professional assassins, have targeted Illuminati members if they proceed with world depopulation-plans, According to Tokyo-based journalist Benjamin Fulford, 46.

They contacted Fulford, a Canadian x-pat, after he warned that the Illuminati plan to reduce the Asian population to just 500 million by means of *race-specific biological weapons*.

"The Illuminati, with the exception of Japan, is very much a white man's game," Fulford says.

The secret society confirmed Fulford's info & asked him for advice. He provided a list of 10,000 people associated with the Illuminati, mainly members of the Bilderberg, CFR & Skull & Bones. Neo Cons are also high priority targets.

"I have been promised not a single person will die if they negotiate in good faith," Fulford says.

Fulford is the former Asian Pacific bureau chief for 'Forbes' magazine. He quit in disgust when Forbes refused to run a damaging story about 1 of its advertisers. Fulford has since written 15 books in Japanese. His most recent is a scathing dissection of the *9-11 Hoax*.

Fulford says Japan has been controlled in secret by the Illuminati through the use of murder & bribery. Underground sources tell him the Americans have murdered over 200 Japanese politicians & influential citizens since the end of WW2.

Among the victims are former Prime Ministers Tanaka, Takeshita, Ohira & Obuchi. They were all murdered using a special drug that induces strokes. The Illuminati have been warned that the Chinese secret society will not tolerate any more murders. It has also extended its protection to truth seekers in the West.

### **ANCIENT SECRET SOCIETY**

The Chinese Secret Society is called the "The Green & Red Societies," Fulford says.

It "can be found in the history books. When the Manchus invaded China in 1644 the Ming army became an underground society aimed at overthrowing The Qing (Manchu) & restoring the Ming. They supported the Boxer Rebellion but were put down by imperialist powers. Later, with the help of overseas Chinese & the Japanese imperial family, the society managed to overthrow the last Emperor & install Sun Yat Sen in his place. They last appear in the history books as the Green Gang & Red Gang that fiercely fought the Communists in

Shanghai in the 1940's. They were defeated by the Communists in 1949 & once again became an underground organization."

"Since 1949 they have steadily increased their influence throughout China & the rest of the world. They have members at the very highest levels of the Chinese gov't but they are by nature Anti-establishment, & not an official Chinese gov't organization..."

"The society has deep roots in Japan because of the link between Yakuza Crime gangs & Japanese imperial family. The Japanese imperial family are descended from 6th century Korean invaders. The original invaders had trouble putting down the native Jomon peoples so they brought over a tough, warlike minority people from the Asian mainland.

These are the ancestors of the Yakuza. They have historically been used for secret work & jobs like collecting taxes. When the Japanese decided to help overthrow the last Chinese dynasty, they used the Yakuza as a go-between with the Chinese secret society, many of whose members were gangsters. To this day many of the senior leaders of this group are actually Japanese, not Chinese.

"It must be made very clear tho, it is not a crime gang. Altho many members are Triad & Yakuza members, over 2/3s of the members are intellectuals such as university professors, researchers & gov't bureaucrats. Each member earns their own living & membership in the society is like belonging to an emergency fire brigade. Their book of rules reads like a book of ethics filled with instructions to do things like help the weak, fight injustice, help your comrades etc."

"They approached me & asked if they could help after I made a speech in Tokyo describing the Bush regimes' use of race-specific biological Weapons. For me it was like a ghost from the history books appearing right in front of me. 1st I thought of silly things like having them play 911 truth videos in Chinatowns around the world. However, then I remembered the scene from the movie Kill Bill where Uma Thurman snatches out her opponent's eye. I soon realized these people could save the world by directly attacking the eye at the top of the pyramid on the One-\$- bill!"

"Think about it, the Illuminati & their top servants have a total membership of about 10,000 whereas the Chinese group has over 6 million. That is 600 to 1 odds. Furthermore, the 6 million have the names & addresses of the 10,000 while the 10,000 do not know who or where the 6 million are?"

## **FULFORD ON THE ILLUMINATI**

"Below is a brief a summary of the intelligence I have rec'd from sources including: former Japanese Prime Ministers, senior Yakuza gangsters, senior Japanese Freemasons, Western intelligence agencies etc.

"1st the Illuminati are really inbred families of European & N American traditional aristocracy & banking families. They control the **U.S.**, England, Europe (except for Scandinavian countries, Germany & Italy; Italy kicked them out in the 1970's), Japan, Africa, Iran, **Canada & Mexico**. They do not control China, Russia (Putin kicked them out for the 1st time since 1917), India, South East Asia, South America, Cuba etc.

"Their goal is to create a world gov't. Until 2 yrs ago the plan was the New World Order. That was outlined pretty clearly in the Project for a New American Century. However, with the

debacle in Iraq, the secret government of the West changed to a new plan that is a world government based on the EU. To do this they will sabotage the U.S. economy.

"However, there is a big schism in the secret government. Jay Rockefeller & Philip Rothschild support 1 faction, the Global Warming Faction. Opposing them is the War on Terrorism Faction supported

by David Rockefeller & JP Morgan descendants (Bush, Harriman, Walker etc.). The warming people want to sell 500 nuclear power plants to China & similar amount to the rest of the world. The terrorism guys want to keep U.S. dominance by maintaining control over oil. Putin was a huge setback for them.

"They are also neo-Nazis who want to reduce the amount of colored people in the world by at least 1/2 through disease, starvation & war. The Chinese secret society got wind of this & is preparing to stop them."

### **GERMANY & SCANDINAVIA NOT ILLUMINATI?**

I challenged Fulford on Germany, Italy, Scandinavia & possibly Russia not being controlled by the Illuminati. He replied that "the quality of my intelligence varies":

"I can say with certainty that China, Russia & India are free. When Putin kicked out Nieslev & Bereshovsky & arrested Khordokovsky, he basically kicked the Rockefellers & Rothschilds out of Russia. I have good Russian sources and am confident Putin is a nationalist who is fighting the Illuminati with all his might. When ex-NSA chief Bobby Inman spoke at the Foreign Correspondent's Club of Japan on June 26th he made it very clear he expected a protracted struggle with Russia.

"India kicked them out in Ghandi's day and they have never been allowed back. Having liberated themselves after 300 years of Illuminati (East India Company) rule, they do not intend to let themselves fall under their control again.

"There have been many attempts by the Illuminati to infiltrate and dominate China. They financed Chairman Mao but he then kicked them out in the 1960's (that is why China and the USSR nearly went to war then). They are now trying to create a financial crisis in China that would open the way for them to infiltrate the Chinese financial system. They will not succeed. Italy basically purged itself during the big P2 Masonic lodge scandal back in the 80's and re-infiltration has only been partly successful. Germany is part of the Nato alliance and is thus indirectly controlled. There is a powerful branch of the Rothschild family operating there.

"However, Germany does not appear on a top-secret Illuminati power flow chart I have obtained. As far as Iran is concerned, I know they financed Ayatollah Khomeini and Iran appears on the flow chart I have. My understanding is they want to provoke a conflict between Islam and the West so they can consolidate their control over the Muslim and Christian

worlds before finishing world conquest by taking over China and India."

## CONCLUSION

Fulford says a meeting is being arranged with Russia's Vladimir Putin to make sure the KGB also cooperates in this plan to snatch the eye out of the pyramid.

"So far, I have told the Illuminati they are no longer allowed to murder Japanese politicians. I now plan to extend this protection to all politicians in the West. If the Illuminati assassinate or attempt to assassinate Ron Paul, Barak Obama or any politician, may God have mercy on their souls."

"Since I am a peace-loving, laid-back **Canadian** suddenly put in a situation of great responsibility, I feel I must act as a servant of the weakest people and creatures on the planet. I have also been negotiating in secret with the Illuminati in the hopes of arranging for them to cede power without any bloodshed in exchange for a general amnesty.

"I do believe we now have a real chance to end the New World Order and start the New Age. The New Age would be one where war, poverty and environmental destruction would only be found in the history books."

I applaud Benjamin Fulford's courage, idealism & defiance. However, he is new to this subject and may have been misled. He shouldn't use Illuminati terminology like "New Age." The Illuminati control the central banks of Russia, China, India and Venezuela. They control the EU. Germany may not appear on the Illuminati chart because it is at the top. Barak Obama is a Zionist stooge. The Illuminati Li Ka-Shing (and family) has had a major role in China. Heck, the Communists are Illuminati. I thought the Illuminati controlled organized crime. I can't imagine a genuinely benevolent secret society. It would be encouraging if this were one.

It's possible Fulford is sincere but is being used to confuse and/or create divisions. Possibly they want to ramp up domestic terrorism as an excuse for martial law. Now, Orientals as well as Muslims could be on the watch list. This Chinese society is challenging the traitorous Western Establishment. We're talking about the State apparatus! So please be critical. It may or may not be true. Time will tell.

In any case, it's time we refused to bow down to tyranny & called a spade a spade.

**Imagine, in Japan he writes the truth in the mainstream media! Maybe some day, we'll do that in America. Benjamin Fulford is an inspiration & he deserves our thanks!**
